

Industrial / Double-Sided Tape

4494 - Double-Sided Micro Fiber Tape - Acrylic

Specifications:

- Application**
- Splicing where high temperature performance is required.
 - Bounding and laminating various substrates.
 - Mounting displays.
 - Name plates and decorative wall products.

- Benefits**
- Easy tear characteristics.
 - Permanent high shear adhesive.
 - Excellent resistance to high temperature.
 - Excellent resistance to U.V. and plasticizers.

Backing	Micro-Tissue
Adhesive	Solvent Based acrylic
Liner	60# Silicone paper (non-printed)
Total Thickness	3.5 mil
Adhesion	100 oz/in
Tensile Strength	10 lb/in
Application Temperature	10 °F to 225 °F
Temperature Resistance	Short term 200 °C • 390 °F Long term -12 °C à 107 °C • 10 °F à 225 °F
Color	White

Note:

The above value represents average laboratory results. Each user should evaluate the tape to determine the suitability for each and every application and shall assume all risks and liability connection therewith.
